RISK CONSIDERATIONS

• GENERAL RISKS - The fund forms part of the Company which is licensed as a De Minimis Professional Investor Fund (PIF). The Company qualifies for and has availed itself from the 'De Minimis Exemption' which is an exemption from the obligation to apply the full AIFM authorisation under Article 3(1)(a) of the Directive 2011/61/EU of the European Parliament and the Council on alternative investment fund managers (the 'AIFM Directive'). As a De Minimis PIF, the Company is not subject to the provisions of the AIFM Directive in its management of the portfolio of the Sub-Funds and the protections for investors provided by the AIFM Directive may therefore not be available to investors in this Fund. Similarly this Offering Supplement may not include all the disclosures required pursuant to the AIFM Directive.

• SPECIFIC RISK FACTORS - Portfolio Turnover and Rebalancing risk, Concentration risk, Foreign Exchange Market risks, Securities risks involving the following risks associated with securities in general: Market Price risk, Currency risk, Lack of Regulatory Framework, Lack of a Formal Market, Pricing and Liquidity risks & Difficulty to realise profits

• ACCUMULATOR INVESTOR SHARES - The class of Fund Shares currently issued by the Company are accumulation shares and no dividends will be paid in respect thereof, or such other class/es of Fund Shares (being accumulation shares) that may be issued by the Company from time to time, and the entire net profits (if any) attributable to such class will be accumulated within the Net Asset Value of, and reflected in the price of, Fund Shares of such class. This means that Fund Investors will not be able to realize any return on their investment before redemption or disposal of such investment.

Investors are to refer to the Offering Supplement of the Fund for a full description of the risks associated with the Fund. Past performance is not a reliable indicator of future results, prices of shares and the income from them may fall as well as rise and investors may not get back the amount originally invested.

INVESTMENT OBJECTIVE AND POLICIES

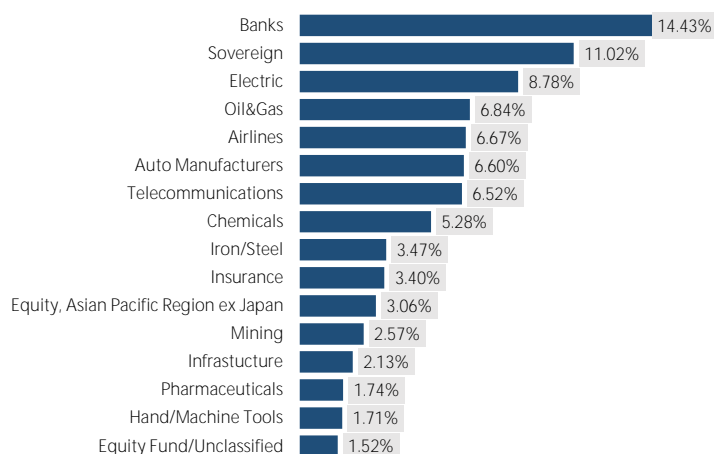

The investment objective of the Fund is to achieve capital appreciation over the medium term, which should be considered to be a period ranging between 3 and 5 years through investments in a diversified portfolio consisting mainly of equities and derivatives traded on listed and regulated markets.

The Fund intends to attain its investment objective described above through selective trading and investment in a globally diversified portfolio of long and short positions, predominantly in listed equity securities and exchange traded derivative on equities, market indices and foreign exchange, exchange traded derivatives on commodities (with a focus on futures on metals and precious metals), and to a lesser extent in other exchange-traded derivatives, listed debt securities, regulated collective investment schemes, money market instruments and cash. The main focus of the Fund's investments will be US and European regulated equities and derivatives markets, although investments could be done on worldwide regulated markets, without sectorial or geographical restrictions. Whilst the securities and instruments (namely equities, derivatives and debt securities) will be listed, these may be rated or unrated.
